Dear Shareholder:

I am writing to announce that the Kikiktagruk Inupiat Corporation ("KIC") voted to void the August 14, 2018 Shareholder meeting and hold a new meeting and election. The reason for this decision is that adequate notice of the meeting was not provided to every Shareholder entitled to vote as required by law and the KIC Bylaws. The decision reflects KIC's strong commitment to ensuring that each Shareholder is entitled to respect and to voice their opinion as to who represents you on the Board of Directors.

At the Shareholder meeting, a number of Shareholders voiced concerns about the manner in which the meeting was noticed and proxy voting was conducted. KIC committed to investigating these issues and the decision of the Board is a result of that investigation. KIC is working to correct the problems that led to this error and to ensure that the next meeting, and all future meetings, meet the highest standards of fairness and integrity.

Soon you will be receiving a new meeting notice and a new proxy. It will be important that you vote again by signing, dating, and returning the new proxy. You will also have the option to submit your proxy online.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin Shroyer". The signature is written in a cursive, flowing style.

Martin Shroyer, Vice-Chairman  
Kikiktagruk Inupiat Corporation
